COLLECTION 2016

Since our establishment in 1992 Ritzwell has steadfastly continued to make furniture to Japanese sensitivity.

The deep feelings of both designers and users for our furniture grow over time, making each piece a beloved friend...

and that recognition drives us to pour our hearts into new masterpieces.

Each Ritzwell design is born of the gentle flow of time in our daily lives.

Ritzwell breathes the essence of warmth into our furniture by combining quality materials with delicate craftsmanship.

This isn't mass production: this is the creation of art to blend into your daily lives.

Beautiful furniture: quiet, subtle, but undeniably an expressive presence in your room.

Like music or art, our goal is to make furniture that becomes a part of your daily life,

MCM TABLE

DINING TABLE / 2015
Design : SHINSAKU MIYAMOTO
Table top & Leg : Walnut oil finish
Frame : Steel in black

Only supported by four legs, its simple design highlights the thinness of the table top.
This superb, modern looking long size table combines strength and designability.
Its detailed design, which adds to the wonderful appearance and roundness of a wood grain table top
that can only be created with natural wood, also allows one to feel the strong presence
and gentleness that wood possesses, as well as bringing a beautiful balance to comfortable, relaxing spaces.

The square form of the sofa imparts a feeling of relaxation and comfort.
While composed of flat surfaces on three sides it evolves into a three-dimensional form rich in organic beauty.
The luxurious base of thick leather is accentuated with a belt design bringing out the full beauty of the materials.
The interplay of light and shadow on the delicate texture reveals its quiet, refined feel.
Alvar Aalto once said, "The furniture, the fabrics, the color schemes and the structures can be earnestly and happily made so that they produce no contrast to the tragedy and comedy of human life."
And in keeping with his philosophy our sofa incorporates softness into its very design for satisfyingly deep comfort and relaxation.

LIGHT FIELD

The luxurious cushion ensures relaxation, while the striking leather form is light, airy. This exquisite piece offers a delicate balance of quietude and tension. The thick leather is prepared with tannin to bring out its full beauty, and stitched with care to leverage the quality of the high-grade materials into a masterpiece of understatement. Fabric cushions enfold you in comfort, adding softness to the whole and realizing a bold and elegant addition to your room.

The characteristic line of the back and arm frame, curving to encompass your body, gives the design a powerful visual impact combined with the unique tranquility of Japan. The leather wrappings on the frame adjust the feel of the wood, bringing its wild nature under control and camouflaging its form to make the walnut stand out even more. The hues of the leather are as close to natural as possible, balancing well with the walnut as no inorganic, uniform color could. The fusion of walnut and leather creates a high-grade feel, and expresses the ambiance of Japan through wood, leather and cloth.
