

MT

BENCH

design Shinsaku Miyamoto
2020

The MT BENCH offers an intricate game of weaves and a combination of quality materials that represent the encounter between tradition and modernity. The interwoven leather straps on the seat convey a pleasant sensation of warmth and perfectly match the structure in steel and solid walnut or oak. The attention to detail, such as the pure lines and rounded edges of the surface, makes this structure a harmonising element in any environment. The bench is available in different colour combinations and in two sizes.
